1 Introduction

RightPrice 2.0 portal is an enhanced version of the existing RightPrice application with new, improvised additional features. The purpose or intent of the document is to capture to be functionality and overall flow of the application. The intent of new portal is to create an application with better User interface, maintainable application with performance improvements.

1.1 Purpose

The current system of RightPrice had the below major limitations:

- User Interface is not user friendly.
- Performance and scalability issue. Screens going blank.
- All the masters are not captured by the screens, there are many masters and transactional data that is updated from backend using scripts.
- Reports or dashboard graphs are not available for review at all the level.
- The email notification and format not proper, blank email being sent to the users.
- Approval workflow, rules for approvals are not transparent.
- Audit and History is not maintained.
- From technical perspective the database is not normalized, and performance is an issue.

The new application provides all the existing functionality of current system and has overcome all the above said limitations. It has introduced new features and automated many existing tasks that were performed manually in the existing system.

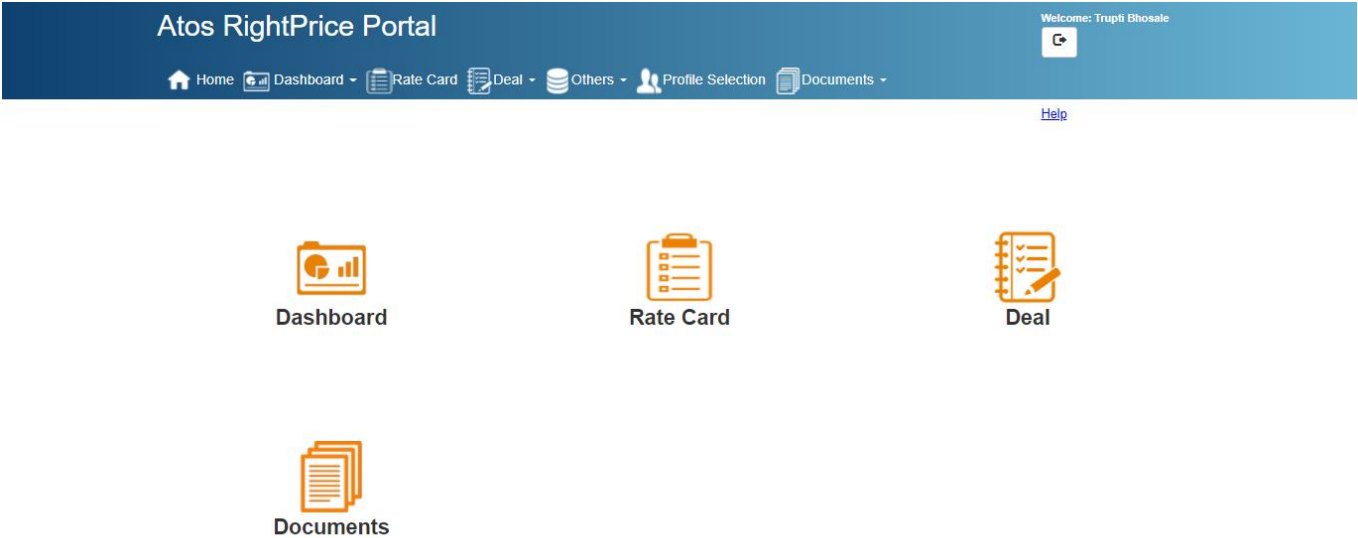

1.2 Intended Audience

This document is intended as a reference guide for the users of application. The document is exclusively meant for Atos Employees having valid credentials belonging to either Delivery, Quality, GFT, BU Head, CDO, CEO Delivery Head or CEO Office.

2 Link

The link to access RightPrice application is: <https://rightprice.myatos.net/RightPrice-DAS/>

On successful SSO authentication, below is home page of RightPrice 2.0 Portal:

RightPrice 2.0 Portal

3 Roles

3.1 User Roles and Definitions

Following are the user roles identified for RightPrice 2.0 Portal:

Role	Definitions
Delivery	A SPOC from the Delivery of an Account is nominated or assigned for creation of Rate cards and update the deals in the RightPrice System.
Delivery Head	The delivery head of the account is automatically selected by the RightPrice application database.
GFT Team	Nominated persons from the Global Finance Team plays this role.
Quality	Nominated persons from the Quality team plays this role.
BUH	The Business Unit Head of the account is automatically selected by the RightPrice application.
CDO	The Chief Development Officer is automatically selected by the RightPrice 2.0 Portal.
CEO	The Chief Executive Officer is automatically selected by the RightPrice 2.0 Portal.

3.2 Roles – Access

Depending on the roles assigned, the user shall have the access level as listed below:

Role	Access
Delivery	This Role is primarily responsible for creating a Rate card or Deal. These roles will be allowed to add, update, search and view Rate Cards and Deals of their respective verticals only.

Delivery Head	The major function of this role is to approve/reject the rate cards and Deals. This role shall have access to search, view and approve/ reject a Rate card/Deal for their verticals.
GFT Team	This role shall have the rights to search, review and approve/reject Rate Card and Deals. The team will also have rights to add, update and delete any values from the Master screens.
Quality Team	These roles have access to search and verify a deal as per their verticals.
BUH	This role shall have access to search, view, approve/reject a Deal and Rate card for their verticals. The major function of this role is to approve/reject the Rate Cards and Deals
CDO	This role shall have access to search, view all Rate Cards and Deals. The major function of this role is to approve/reject the Rate Cards and Deals for special exception cases.
CEO	This role shall have access to search, view all Rate Cards and Deals. The major function of this role is to approve/reject the Rate Cards and Deals for special exception cases

4 Functional Requirements

4.1 Major functions

RightPrice 2.0 portal shall have the following modules. Depending on the role of the user, the modules shall be visible to the logged in user.

Modules	Details
Dashboard	The Dashboard screen shall provide summary related to Rate Cards and Deals as per the access levels. All the users who have access to RightPrice 2.0 portal shall be navigated to the Dashboard screen after successful login.
Masters	These are master's data related to Businesses and shall be accessed by the GFT team only. The Master's menu shall have set of screens for addition or modification of the master data.
Rate Card	This module shall allow the user to add, view, update Rate Card information depending on the role of the logged in user.
Deal	This module shall allow the user to add, view, update Deal's information depending on the role of the logged in user.
Others	This module shall be available to Delivery Team only. Shall allow access to Resource Forecasting.
Reports	This module shall be available for the GFT Team to access several reports.
Documents	This module shall have all the template documents for Rate Cards and Deals.
Repository	This module shall act as a repository for uploading of Exceptional Rate Cards and Deals.

Each module is further classified into several sub modules, each sub module corresponding to a screen:

Modules	Screens
Masters	Below are the set of screens available under Master's menu: • Allowances • Campus Hire • City • Common Cost Parameter • Country Forex • Country Visa • Assumption Parameters • RightPrice Rate • Roles • Salary • Designation • LOB • Shift Cost • Sub Practice • Tax Parameters • Rate Card • Customer Update
Rate Cards	Below are the set of screens available under Rate Card menu. • Rate Card Creation - Details • Role Selection • Role Utilization and Rates • Summary • Finalize Rate Card
Deal	Below are the set of screens available under Deal menu • T & M: Below are the set of screens in "T & M" Deals • T & M Creation - Details • Rate Card And Project Details • Role Selection • Staffing • Summary • Finalize Deal • Fixed Price: Below are the set of screens in "Fix Price" Deals • FP Deal Creation – Deal Details • Tower Details • Role Selection • Staffing • Cost Inputs(Travel/Relocation) • Upload Estimation Related Documents • What if Analysis • Calculation Details • Cost Summary • Year Summary

5 Scope

5.1 In scope

Below is the detailed list of items that is in scope of RightPrice 2.0 portal. The Practices in scope of RightPrice are AMS, ARAA, SAP, IoT and Customer Experience.

Sr. No.	Scenario	Process (Automatic/Manual)
Rate Cards		
1	Rate card for 6 countries	Automatic
2	Rate card for 6 locations with other country Billing currency	Automatic

7	Rate card with Investment	Manual
8	Rate card with Volume discount table	Manual
9	Rate card with Blended rate	Manual
10	100% Offshore rate card	Automatic
11	India captive rate card	Manual
Fixed Price Deals		
1	Managed capacity Deal for 6 countries	Automatic
2	Development Deal for 6 countries	Automatic
3	100% offshore deal	Automatic
4	Multi country deal for 6 countries	Automatic
5	Multi city deal for 6 countries	Automatic
6	Multi country deal-other than 6 countries	Manual
7	RFP/RFI	Manual
8	Deal with Multi Tower	Automatic
T & M Deals		
1	T&M deal with Manual rate card	Automatic

2	T&M deal with Multi country	Automatic
3	T&M deal with Multi city rate card	Automatic
4	T&M deal with 6 countries	Automatic
5	T&M deal with other than for 6 countries	Automatic

5.2 Out of scope

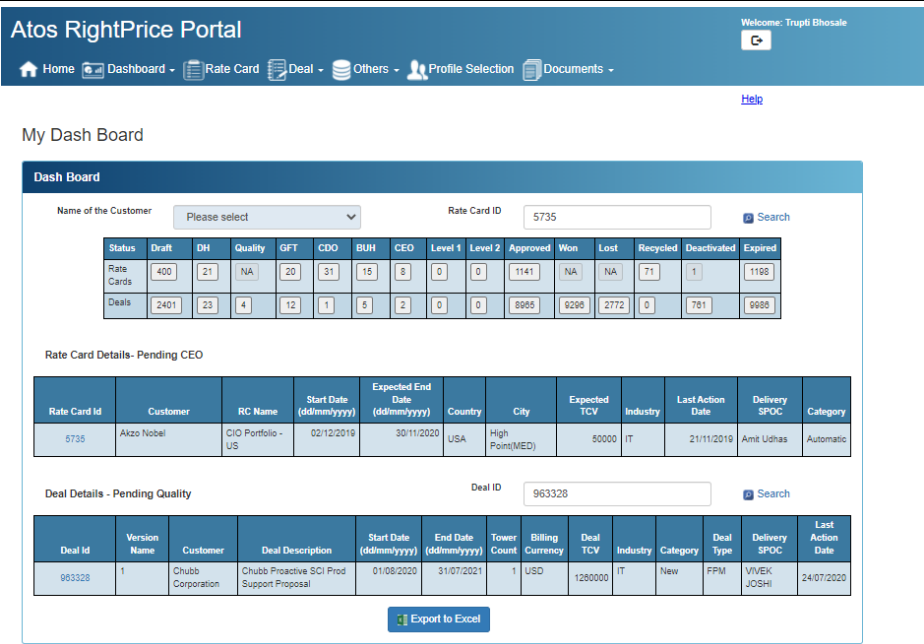

NA

6 System Requirements

6.1 Dashboard

Atos employee's having valid credentials and belonging to one of the below groups shall have access to the Dashboard screen:

1. Delivery
2. Delivery Head
3. GFT
4. Quality
5. BUH
6. CDO
7. CEO

My Dashboard	
Navigation Flow	RightPrice Portal -> Dashboard -> My Dashboard
Screen Function	This screen shall display the summary of Rate Cards and Deals, with the count listed against each status. Each user role will have its own dashboard and will be accessing information related to Rate cards and Deals as per their access levels.
Screen	 The screenshot displays the 'My Dashboard' interface of the Atos RightPrice Portal. At the top, there is a navigation bar with links for Home, Dashboard, Rate Card, Deal, Others, Profile Selection, and Documents. Below this, the 'My Dash Board' section contains a 'Dash Board' sub-section. This sub-section includes a search bar for Rate Card ID (5735) and a table showing the status of Rate Cards and Deals. The table has columns for Status, Draft, DH, Quality, GFT, CDO, BUH, CEO, Level 1, Level 2, Approved, Won, Lost, Recycled, Deactivated, and Expired. Below the table, there are two sections: 'Rate Card Details- Pending CEO' and 'Deal Details - Pending Quality'. The 'Rate Card Details' section shows a table with columns for Rate Card ID, Customer, RC Name, Start Date, Expected End Date, Country, City, Expected TCV, Industry, Last Action Date, Delivery SPOC, and Category. The 'Deal Details' section shows a table with columns for Deal ID, Version Name, Customer, Deal Description, Start Date, End Date, Tower Count, Billing Currency, Deal TCV, Industry, Category, Deal Type, Delivery SPOC, and Last Action Date. An 'Export to Excel' button is located at the bottom of the Deal Details table.

6.2 Rate Card

Rate cards module shall allow the Delivery team to create new Rate Cards for all those customers, which the logged in user has access to and belonging to the logged in user's Vertical. Below are the several combinations in which the Rate Cards can be created.

- a. Automatic
- b. Manual
- c. Hybrid
- d. Rate card for 6 countries with other country Billing currency: Automatic
- e. KPO Rate Card: Manual
- f. Multicity Rate Card: Automatic
- g. Multi Country Rate Card For 6 countries: Automatic
- h. Hybrid rate card: Automatic/Manual
- i. Rate card other than 6 Locations: Manual
- j. Rate card with Investment, Volume Discount Table, Blended Rate: Manual
- k. 100% Offshore Rate card: Automatic
- l. Rate card for Manila location – Offshore: Manual
- m. India captive Rate Card: Manual

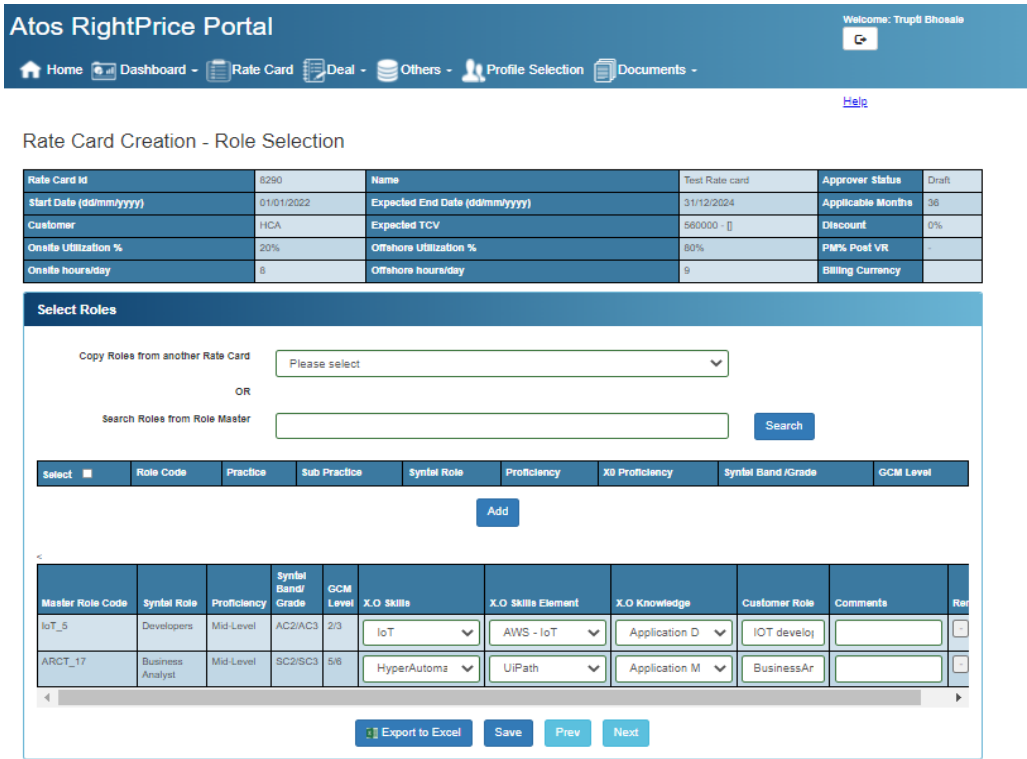

Navigation panel shall also be available in the right-side section of the screen. To view the desired details in the Next screen it is mandatory for the user to enter required details on the previous screen. However, Navigation Panel shall help user to view any screen by just clicking the screen link on the panel.

6.2.1 Automatic Rate Cards

For the selected countries in the "Rate Card Creation – Details screen", if option No is selected in column "Manual Rate Card" against all the countries then Automatic Rate Cards shall be created. The below set of sequential screens shall be available in Automatic Rate Cards:

1. Rate Card Creation – Details
2. Role Selection
3. Role Utilization And Rates
4. Summary
5. Finalize Rate Card

Rate Card Creation – Details screen													
Navigation Flow	RightPrice portal -> Rate Cards -> Rate Card Creation – Details RightPrice Portal -> Dashboard -> Rate Cards Hyper link

6.4 Fixed Price Deals

Delivery person from an Account shall be allowed to create Fixed Price Deals in the RightPrice System. The module shall allow user to add/view/update details for Fixed Prices Deals depending on the access of the logged in user. Below 2 types of deals shall be available in case of Fixed Price:

1. Automatic
2. Manual

User can navigate to the Fixed Price Deals via RightPrice Portal -> Deal -> Fixed Price or by clicking on the Deals hyperlink in the Dashboard screen. The Navigational panel shall appear at the extreme right side of the screen, which can be used to navigate to any screen for the selected deal.

Depending upon the option selected on the "FP Deal Creation – Deal Details" screen, Automatic or Manual Fixed Price Deals shall be created. If Manual Deal option selected is No, Automatic Deals shall be created. If "Yes" is selected in the Manual Deal option, Manual Fixed Price Deals shall be created.

6.4.1 Fixed Price Deals – Automatic Deals

Below is the sequential set of screens that shall appear in case of Manual Fixed Price Deals.

1. FP Deal Creation – Deal Details
2. Tower Details
3. Role Selection
4. Staffing
5. Cost Inputs(Travel/Relocation)
6. Upload Estimation Related Documents
7. What If Analysis
8. Cost Summary
9. Finalize Deal

Navigation panel shall also be available in the right side section of the screen. In order to view the desired details in the Next screen it is mandatory for the user to enter required details on the previous screen. However, Navigation Panel shall help user to view any screen by just clicking the screen link on the panel.

FP Deal Creation – Deal Details	
Navigation Flow	RightPrice portal -> Deal -> Fixed Price -> FP Deal Creation – Deal Details
Screen Function	This screen allows the Delivery person to create Manual Fixed Price Deals in the RightPrice System. In order to create a Manual Deal, option "Yes" needs to be selected in "Manual Deal" field. If a version does not exist for a Deal, a new popup message shall appear to enter the Version Name. If version exists for Deals, a new version can be created for deals using Copy As New Version. New Versions can only be created for deals which are in Draft status. In case of Copy as New Version, data until Staffing screen shall be copied. The screen shall open in Read Only mode for all other users having valid access other than Delivery.

FP Deal Creation – Cost Summary

FP Deal Creation – Finalize Deal

Navigation Flow

RightPrice portal -> Deal -> Fixed Price -> Finalize Deal

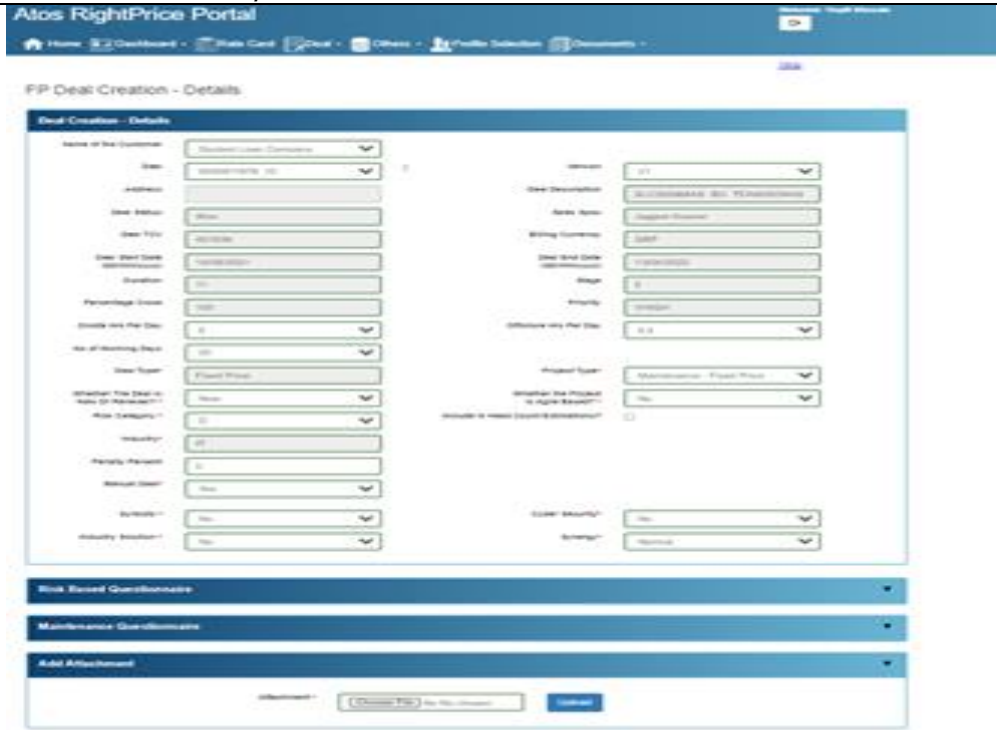

Screen Function	This screen displays the sequential flow of the approver matrix. If the Deal is New/Renewal, then only one version can be selected and be sent for approval. Once the version is sent for approval, the remaining versions shall be deactivated and will not be available in the system to view. (Fig: FP Deal Creation – Finalize Deal (New/Renewal)) In case of “RFP/RFI”, multiple versions can be selected and be sent for approval. Once the versions are selected and sent for approval, the remaining versions shall be deactivated and will not be available in the system to view. Out of the selected versions that are sent for approval, once all are approved on the Finalize Deal screen only one version can be selected for final approval. This version shall be considered as Finalized version for the Deal. (Fig: FP Deal Creation – Finalize Deal (RFP/RFI))

6.4.2 Fixed Price Deals – Manual Deals

Below is the sequential set of screens that shall appear in case of Manual Fixed Price Deals.

- 1. FP Deal Creation – Deal Details
- 2. Tower Details
- 3. Manual Summary
- 4. Finalize Manual Summary

Navigation panel shall also be available in the right side section of the screen. In order to view the desired details in the Next screen it is mandatory for the user to enter required details on the previous screen. However, Navigation Panel shall help user to view any screen by just clicking the screen link on the panel.

FP Deal Creation – Deal Details	
Navigation Flow	RightPrice portal -> Deal -> Fixed Price -> FP Deal Creation – Deal Details
Screen Function	This screen allows the Delivery person to create Manual Fixed Price Deals in the RightPrice System. In order to create a Manual Deal, option "Yes" needs to be selected in "Manual Deal" field. If a version does not exist for a Deal, a new popup message shall appear to enter the Version Name. If version exists for Deals, a new version can be created for deals using Copy As New Version. New Versions can only be created for deals which are in Draft status. The screen shall open in Read Only mode for all other users having valid access other than Delivery.
Screen	 FP Deal Creation – Deal Details

FP Deal Creation - Tower Details	
Navigation Flow	RightPrice portal -> Deal -> Fixed Price -> FP Deal Creation -> Deal Details -> Navigation Panel -> Tower Details
Screen Function	This screen allows the user to enter the Tower Details.
